EXPERIENCE

Senior Web3 Product Designer BitBarter

July 2021 - Present - 11 months, Remote

At present, I lead a team of designers at BitBarter. I have enhanced the peer-to-peer user experience for both the mobile and web versions of the BitBarter App. Leading the revamp of BitBarter Mobile and Web App (V2) was also part of my accomplishments. I have designed features like remittance, P2P Express, Bitcode, and more to advance BitBarter's mission of streamlining worldwide payments via effortless cryptocurrency transactions.

Product Designer AMBR Creative

June 2021 - July 2021 - 1 year, Remote

I collaborated with CEOs and product teams on a variety of web3 projects, including decentralized exchanges and on-ramps. My role encompassed creating and designing user interfaces and user experiences using a streamlined design process. This process consisted of research, design, testing, and delivering the final product to the developers.

Product Designer EMF Studio

Jan 2021 - Jun 2021 - 1 year, Lagos

I created a design approach and designed the interface for Nibkit, a web app for generating unique illustrations. I also led the user interface design for Briefcart, a tool assisting creative experts in managing their clients efficiently. I worked with the development team to enhance the appearance and user experience of the products.

UI/UX Designer RealSearch & Partners

Aug 2018 - Aug 2020 - 2 years, United States

I created user interfaces for mobile and web applications used in internal projects, including on-ramps and off-ramps like Tonoit and Bittle.

Graphics and UI Designer Imaginarium Global

Mar 2018 - Dec 2018 - 10 Months, Lagos

I created visually appealing graphics and user interface designs for projects such as Kure Coin, Zamari, Kick, and Jive. I also designed engaging landing pages for Kick Fantasy Football, a gaming platform where participants compete to win.
